

A lifestyle you can work towards ...

Will What You Are Doing Today, Take You Where You Want to Go?

While many franchise companies discourage absentee ownership, **ActionCOACH** has systemized the process AND supports you to get there ...

If your vision of the ideal lifestyle is to operate a professional white-collar business, spend more time with your family and have more leisure time while generating an exceptional return on your investment and creating passive income in a few short years ... **ActionCOACH** offers all this and more.

ActionCOACH Business Coaches conduct most client consultations over the phone ... and rely on the business owner to do the majority of the work. Therefore, you don't waste much of your valuable coaching time travelling to and from your client's place of business or creating large deliverables and reports. Although you will spend a lot of time in the beginning building your **ActionCOACH** knowledge and business, you will find as you progress in our system, you'll be able to work with more clients, earn more income, and have more time for your family and leisure activities than ever before.

In addition to our coaching methods, the **ActionCOACH** systems have been developed so that you can further leverage your time and investment by adding a nominated operator,

sales support, or administration personnel to your team.

To help build your passive income stream, **ActionCOACH** has developed a very unique opportunity which allows you, the "Primary Coach" to add "Associate Coaches" to your team. This enables you to move from a one person firm to an actual coaching practice. As you move in this direction, more of your time will be spent working ON your business and less time working IN the business with the goal of maximizing your passive income. As the practice grows, you will have the opportunity to reduce or even eliminate the

hours you work in the business ... but most importantly, you will have built a real asset that can be sold!

Beyond the passive income you can build from your **ActionCOACH** franchise, many of our Coaches find, because of the business we are in, that they are introduced to other businesses or investments which lead to additional passive income streams. The opportunities are endless ...

Where do you see yourself in 3 to 5 years?
